

The Usage dashboard includes system reports on bandwidth, storage, and transcoding consumption to help you monitor your usage, and it is consisted of following sub-pages: Usage Overview Analytics, Publishers Bandwidth and Storage and End Users Storage.

-

The Usage Overview sub-page includes usage reports per Publisher ID and its children's accounts when configured.

-

The Publishers Bandwidth and Storage sub-page includes usage reports on bandwidth, storage and transcoding consumption over time, in addition to accumulative bandwidth and storage.

-

The End Users; Storage sub-page enables you to see the breakdown of storage and minutes by specific users, including total, added and deleted figures.

As a reference for analytics terms and definitions, please see the [Advanced Analytics Terminology](https://knowledge.kaltura.com/help/advanced-analytics-terminology) (<https://knowledge.kaltura.com/help/advanced-analytics-terminology>) article.
