

MediaSpace Content Enrichment & Policy Management

Last Modified on 08/02/2021 4:36 pm IDT

OVERVIEW

This session is intended for admins and will cover how to customize and control the user permissions of your MediaSpace portal and set policies by learning the KMS policy modules and functions.

Key Takeaways

- Understand user management and groups.
- Learn how to create a disclaimer and content policy for your instance.
- Build a custom data profile supporting company policy.
- How to configure and enable editing tools.
